14th September 2026

Padraig Ui Chonaill
Clonfert Road

Padraig,

Further to walking the site on Tuesday, please find below my price for the entrance and yard works discussed.

Strip and cart away topsoil to spoil heap on site, form new entrance off the county road including sightlines both directions, supply and lay 804 to 300mm compacted in two layers, install 2no. 300mm dia culverts with headwalls, and surface dress the yard area of approximately 640 square metres.

Price for the above works, ex VAT: EUR 31,750

Should you wish to include the tarmac finish to the entrance apron as we spoke about, add a further EUR 4,900 to the above.

I would be in a position to start the first week of October if that suits. This price holds to end of the month.

Le meas,
Tom Brennan
